The two-day national seminar was organized by : IQAC of MLK PG College Balrampur on 23rd and 24th May 2022. On day one, Prof P. K. Basant delivered keynote address discussing the relationship between philosophy, history and the impact of modernity on research. He also emphasized the effect of passage of time over the research as the old principles and methods are being replaced by new and modern methods. Prof Sudheer Kumar delved into the methodologies and the stated that the research questions raised in the research hypothesis must be reflected into the research outcome. He also pointed out the skill sets required for writing and preparing the research synopsis.

The second session was headed by Prof P K Basant in which three scholars delivered their lectures. Dr. Puneet Kumar highlighted the inevitability of research for the progress of our life. He also pointed out our government's vision regarding the importance of research, which has been included in NEP 2020 curriculum even at the graduation level. He said that the research is a process of finding the truth thus authenticating it. Dr D. D. Tewari of MLK PG College Balrampur discussed in detail about the research methodology in science. He stressed that the new researchers should select the research problems on the availability of resources. Prof Devesh Kumar of Siddhartha University said that research is not an easy task rather it is a passion and can only be done with unbiased mind.

On day two, Prof B. C. Yadav delivered his lecture and talked about writing the research paper, avoiding plagiarism and presentation of data in an efficient manner. He said that research is an art of scientific investigation and corroborated his statement with a number of quotations. Dr. Anurag Ratna from Ganpat Sahay PG College Sultanpur talked about sampling and surveys and its various types. All the lectures have seen tremendous interest from the attendees who were involved with the delegates for fruitful discussion at the end of each talk.
