DNA FINGERPRINTING - A BOON TO FORENSIC SCIENCE

Conducted from

September 14th to 16th, 2023

Department of Zoology

Maharani Lal Kunwari PG College, Balrampur, U.P

On the 15th of July 2023, an official Memorandum of Understanding (MoU) was formalized between the Department of Zoology, M.L.K PG College, and Cytogene Research and Development, Lucknow. As a direct outcome of this collaboration, a three-day workshop titled "DNA FINGERPRINTING: A BOON TO FORENSIC SCIENCE" was subsequently organized and took place from September 14th to 16th September 2023.

1. Introduction

An official Memorandum of Understanding (MoU) was officially established on July 15th, 2023, between the Department of Zoology at M.L.K PG College and Cytogene Research and Development, Lucknow. This partnership directly led to the organization of a three-day workshop titled 'DNA FINGERPRINTING: A BOON TO FORENSIC SCIENCE,' which took place from September 14th to September 16th, 2023. The workshop on "DNA Fingerprinting: A Boon to Forensic Science" was conducted from September 14th to 16th, 2023, at the Department of Zoology, Maharani Lal Kunwari PG College Balrampur.

2. Workshop Objectives

The primary objectives of the workshop were as follows:

This workshop on DNA fingerprinting holds immense importance for students for several compelling reasons:

- 1. Hands-on Learning:** Workshops provide students with a unique opportunity to engage in hands-on learning. This hands-on experience deepens their understanding of the subject matter and enhances their practical skills.
- 2. Application of Theoretical Knowledge:** Workshops bridge this gap by demonstrating how scientific principles are applied in practice, making learning more meaningful and memorable.
- 3. Skill Development:** DNA fingerprinting workshops enable students to develop crucial laboratory and analytical skills. They learn techniques such as DNA extraction, gel electrophoresis, and data interpretation, which are not only valuable in forensic science but also transferable to various scientific disciplines.
- 5. Career Opportunities:** For students interested in pursuing careers in forensic science, genetics, or related fields, workshops on DNA fingerprinting provide essential foundational knowledge and practical experience. Such workshops can serve as a launching pad for future career paths.
- 6. Exposure to Cutting-edge Technology:** DNA fingerprinting is a rapidly evolving field, with new techniques and technologies emerging regularly. Workshops expose students to the latest advancements and innovations, keeping them up-to-date with the current state of the art.
- 7. Collaboration and Communication:** Workshops often require students to work in teams, fostering collaboration and communication skills. These soft skills are essential in both scientific research and professional environments.
- 8. Networking Opportunities:** Workshops provide students with a platform to interact with experts, researchers, and fellow students who share similar interests. Networking opportunities can lead to valuable connections, mentorship, and future research collaborations.

The workshop spanned three days and encompassed

- a) Lectures, Practical Sessions, And Interactive Discussions.

Here's an overview of the workshop schedule:

DNA FINGERPRINTING: A BOON TO FORENSIC SCIENCE

Schedule of Workshop : 14th – 16th Sep 2023

Day 1

| S.N. | Time | Program |
|------|-------------------|---|
| 1 | 11:00am - 11:45am | Inauguration and Opening Address |
| 2 | 11:45am - 01:00pm | Lecture on DNA Fingerprinting & RFLP Analysis |
| 3 | 01:00pm - 01:45pm | Lunch Break |
| 4 | 01:45pm - 04:00pm | DNA Extraction from Blood |

Day 2

| S.N. | Time | Program |
|------|-------------------|---|
| 1 | 10:00am - 12:15pm | Agarose Gel Electrophoresis & Visualization of DNA |
| 2 | 12:15pm - 01:00pm | Lecture on PCR and Its application |
| 3 | 01:00pm - 01:45pm | Lunch Break |
| 4 | 01:45pm - 04:00pm | Preparation of Master Mix and Setup of PCR reaction |

Day 3

| S.N. | Time | Program |
|-----------------|---------------------|---|
| 1 | 10:00am - 11:45am | Restriction Digestion of DNA |
| 2 | 11:45am - 01:00pm | RFLP Analysis |
| 3 | 01:00pm - 01:45pm | Lunch Break |
| 4 | 1:45pm – 2,45pm | Test (MCQ), Result Of The Test |
| 5 | 2: 45 pm - 03:45 pm | Valedictory Session (feedback and Certificate Distribution) |
| End of Workshop | | |

* All the experiments will be supported with lectures

Day 1: September 14, 2023

5. Inauguration and Keynote Session

The workshop began with a formal opening ceremony featuring Prof. J.P. Pandey, the President, delivering opening remarks. Prof. J.P. Pandey, the college's Principal, inaugurated the workshop by lighting a ceremonial lamp. During his address at the workshop's inaugural session, the Principal encouraged all students to approach the workshop with a scientific mindset. He highlighted the numerous benefits, such as hands-on learning, practical application of theory, skill development, career prospects, exposure to advanced technology, teamwork and effective communication, networking opportunities, and the chance for students to engage with experts, researchers, and peers who share their interests. These networking opportunities offer the potential for valuable connections, mentorship, and the possibility of collaborating on future academic and research projects.

Keynote Address:

Dr. Ashok Kumar, the head of the Department of Zoology, praised the students for their exceptional participation in the workshop and emphasized the significant advantages it offered them. He highlighted various compelling benefits, which include experiential learning, the application of theoretical knowledge in practical contexts, skill enhancement, access to potential career pathways, exposure to state-of-the-art technology, facilitation of collaboration and effective communication, the creation of networking prospects, and the opportunity for students to engage with experts, researchers, and like-minded peers who share similar interests. These networking opportunities have the potential to result in valuable connections, mentorship, and possible collaborative ventures in their future research pursuits. In the inaugural session of the workshop Mr. Irfan Ali, an alumnus of the Department of Zoology, was felicitated for qualifying for CSIR JRF.

Dr. Sadguru Prakash, Organizing Secretary of the workshop expressed his gratitude to all the guests. The anchoring was conducted by Dr. Anand Bajpai. On this occasion, Dr. Akanksha Tripathi, Dr. Kamalesh Kumar, Miss Mansi Patel, Dr. R.B. Tripathi, Dr. Alpna Parmar, Smt. Varsha Singh Shri Santosh Kumar, Miss Asha K.C., etc. were present.

Prof. J.P. Pandey, the President of the workshop inaugurated the workshop by lighting a ceremonial lamp.

6. Technical Sessions and Hands-on Training

On the workshop's initial day, Mr. Sujit Kumar, the Director of Cytogene Research and Development, conducted sessions covering fundamental DNA concepts, DNA extraction methods, and introduced the students to the concept of DNA fingerprinting. He provided an overview of the three-day workshop, outlining all the activities that would be carried out.

Day 2: September 15, 2023

Hands-on Training: Participants engaged in hands-on training sessions, providing them with practical experience using DNA fingerprinting equipment.

Professor T. Farkhi, in his role as the IQAC Coordinator, attended a workshop centered around DNA fingerprinting. At the workshop, he underscored the importance of this pioneering scientific technique to the students.

Interactive Sessions: Experts-led discussions and Q&A sessions on various aspects of forensic DNA analysis.

On Day 2:

- Agarose Gel Electrophoresis and visualization of DNA
- Lecture on PCR and its Application
- Preparation of Master Mix and Setup of PCR reaction

Professor T. Farkhi, IQAC Coordinator During the workshop, emphasized the significance of this innovative scientific method to the students.

- Valedictory Session (feedback and Certificate Distribution)

The workshop came to an end with the college Principal, Prof. J.P. Pandey, distributing certificates and medals to the students. During the closing ceremony, Prof. Pandey encouraged the students to remain engaged with the field of science and contribute to society through it.

Dr. Ashok Kumar, convener of the workshop commended the students for their exemplary participation in the workshop, highlighting the workshop's substantial benefits for them. He underscored the workshop's significance for students, underscoring several compelling advantages. These encompass hands-on learning, putting theoretical knowledge into practical use, improving skills, opening doors to potential career opportunities, exposure to cutting-edge technology, fostering collaboration and effective communication, creating networking opportunities, and providing students with the chance to interact with experts, researchers, and like-minded peers who share similar interests. These networking opportunities could lead to valuable connections, mentorship, and potential collaborations in their future research endeavors.

Two MSc students Hadiya Rafeeqe and Harshita Singh gave feedback on three days of workshop during the concluding session.

Dr. Akanksha Tripathi extended gratitude on behalf of all those involved in the workshop.

In attendance at the event were Organizing Secretary Dr. Sadguru Prakash, Dr. Kamlesh Kumar, Dr. R B Tripathi, Dr. Alpna Parmar, Mrs. Varsha Singh, Mr. Santosh Kumar, Kumari Asha KC, in addition to numerous other faculty members and students.

CONCLUSION

The workshop on "DNA Fingerprinting: A Boon to Forensic Science" was a resounding success, thanks to the dedication and participation of all involved. It provided participants with valuable knowledge and practical skills in DNA fingerprinting, contributing to the advancement of forensic science. We anticipate that the insights gained during this workshop will enhance the delivery of justice and the growth of forensic science in our region.

ACKNOWLEDGMENT

We wish to express our sincere gratitude to our esteemed **Founder President, Shriman Maharaja Jayendra Pratap Singh**, the revered King of Balrampur, for his invaluable support and benevolent patronage. His Majesty's unwavering commitment to the betterment of our institution and the welfare of our community is truly commendable. His visionary leadership and dedication to education and progress have illuminated our path. We extend our profound appreciation for His Majesty's continued guidance and support, which have been instrumental in shaping the success and growth of our institution.

We would like to extend our heartfelt gratitude to the following dignitaries for their unwavering support and encouragement throughout the DNA fingerprinting workshop held from September 14th to September 16th, 2023 Chief Patron: Lt. Col. (Retd.) R.K. Mohanta, Secretary, Committee of Management Patron: Sri. B.K. Singh, Joint Secretary, Committee of Management President: Prof. Janardan Prasad Pandey, Principal & IQAC Coordinator Prof. T. Farkhi. Your visionary leadership and commitment to the pursuit of knowledge have been instrumental in making this workshop a resounding success. Your presence and guidance have inspired both participants and organizers alike, and we are deeply appreciative of your valuable contributions.

Our heartfelt gratitude goes to all the dignitaries, speakers, participants, and organizers who contributed to the success of this workshop. Special thanks to Executive Committee members, Collaborators, and students of the Department of Zoology at M.L.K PG College for their unwavering support and active involvement. This workshop exemplifies M.L.K PG College, Balrampur's commitment to promoting excellence in education and research.
